Student Page Charge Waiver

To be eligible to apply for the Student Page Charge Waiver, students must be:

1. Enrolled as a student at a college or university and provide a signed Student Page Charge Waiver Form at the time they submit their paper.
2. The first author listed on the paper.
3. A member of the Health Physics Society.

Students: Please note that a page charge waiver is not guaranteed even if all the criteria are met. It depends on available funding, and each request will be reviewed individually.

STUDENT PAGE CHARGE WAIVER FORM

My signature below verifies that _____________________________ is a student in good standing at _________________________________ as of ___________________________ as of the date shown below (the date the article was submitted).
